Force Congress to Pass H.R. 7598!

Philadelphia to Have Dist. Conference

PHILADELPHIA, Pa.—The Lithuanian Youth of this district are preparing for a tremendously important confab here on Sunday March 25th. at 955 North 5th St., Philadelphia Pa. This district includes Easton, Baltimore, Chester, Bethlehem, Trenton, Riverside, Camden, and Reading. Calls for the conference have been sent out to all organizations. Besides discussing the coming Detroit Convention and the possibilities of sending a delegation there, the important question of mobilizing youth against war and Fascism will be the major point to discuss. The conference will take place at 2:00 p. m. Youth organizations should elect delegates and if there are no organizations in some of the mentioned towns, come down and talk over the possibilities. A National Lithuanian Youth Committee representative will give a report.

Letter From Youngstown

A large crowd saw the six reel movie of the Russian Revolution here last Feb. 25th at the Central Auditorium. I was there also and enjoyed it very much.

A friend of mine subsribed the "Young Worker" for me and I am very thankful. I wish that all the youth would get a chance to read a paper like this and learn something about what kind of a world we live in. Still, there is no news in it from Youngstown and I'm trying to write in a little bit.

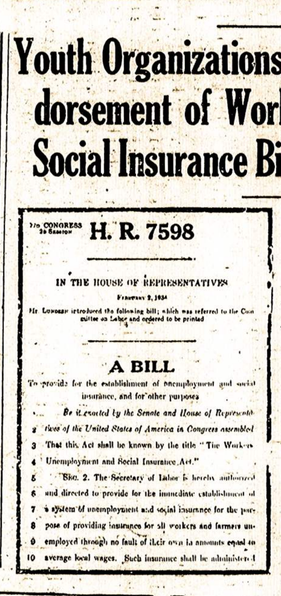
Tess Orville.

What Should Be Done

In a very short time, every youth organization will receive a copy of the Workers' Unemployment and Social Insurance Bill as it has been introduced into Congress. This bill should be endorsed by the Youth organizations.

A checkup should be made among the members who belong to any other organizations and they should order, thru' the branch, one copy of the bill for their organization. Whenever the bill is endorsed, the comrades should immediately send the result to the Youth Sections of our press.

Postal cards should be ordered thru' the National Lithuanian Youth Committee, 46 Ten Eyck St., Brooklyn N. Y. at the rate of 30 cents per hundred. These should be distributed among the members to get their friends to endorse it as individuals and the cards should be sent to your local Congressman and to Chairman Connery of the House Committee on Labor, Washington, D. C.



74TH CONGRESS
1st Session

H. R. 7598

IN THE HOUSE OF REPRESENTATIVES

FEBRUARY 9, 1934

Mr. LUNDEEN introduced the following bill; which was referred to the Committee on Labor and ordered to be printed

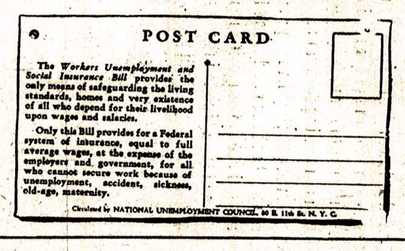
A BILL

To provide for the establishment of unemployment and social insurance, and for other purposes

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled

That this Act shall be known by the title "The Workers Unemployment and Social Insurance Act."

SEC. 2. The Secretary of Labor is hereby authorized and directed to provide for the immediate establishment of a system of unemployment and social insurance for the purpose of providing insurance for all workers and farmers unemployed through no fault of their own in amounts equal to average local wages. Such insurance shall be administered



POST CARD

The *Workers Unemployment and Social Insurance Bill* provides the only means of safeguarding the living standards, homes and very existence of all who depend for their livelihood upon wages and salaries.

Only this Bill provides for a Federal system of insurance, equal to full average wages, at the expense of the employers and government, for all who cannot secure work because of unemployment, accident, sickness, old-age, maternity.

Circulated by NATIONAL UNEMPLOYMENT COUNCIL, 80 E. 11th St. N. Y. C.

Strong Mass Pressure Forces Lundeen to Introduce Social Insurance Bill to Congress

On February 3rd, the day which marked the opening of the great Unemployment Convention in Washington D. C., Congressman Ernest Lundeen, a Farmer-Laborite introduced the bill to the House of Representatives. Commenting on the introduction, Herbert Benjamin National Organizer of the Unemployment Councils of America issued a statement, "As a result of the introduction of the bill in Congress, we will be in a position to intensify the mass struggle for it and thereby force Congress to finally enact it into law. It was mass pressure that brought the introduction of the bill. By the same intensified mass struggle, we can and will acheive the enactment of it.

Lundeen's agreement to introduce the bill followed the action of the city council of Minneapolis, in Lundeen's district, in endorsing the bill and memorializing Congress for its passage.

When, at the conclusion of the convention, a delegation went to visit the Congressman. He stated that he not only introduced it, but will also fight for it.

"To the exclusion of substitute bills?" he was asked,

"Well, I wouldn't say that," he replied. I will vote for any bill that promises unemployment relief."

This clearly shows, that Lundeen was forced to introduce it by mass pressure of the workers. A little more mass pressure then, and it will pass.

Where You Must Go March 25th

After waiting a whole year for something extraordinary and exciting, it seems that a maiden's prayer will be answered soon. Yes, believe it or not, (and I am not Ripley) this is going to be something big and wonderful. Why, now that all of you are quaking with excitement, I'm not so sure that I want to tell you. But as it is my duty to write an article about it, I suppose, that I will have to reveal my secret and make you all happy too.

Remember, the big, bold type letters in the youth section? WATCH OUT FOR MARCH 25! You couldn't help but see it. Well March 25 is certainly going to be a big day. The N.L.Y.C. is giving a dance and a basketball game at Klaščius Clinton Hall, which is conveniently situated on Betts and Maspeth Aves. in, Maspeth L. I. The dance will start 6 o'clock, but the two games which have to be played the same day between Brooklyn, Newark, andCliffside will probably start earlier. The time I really don't know. For the small price of 40 cents, it seems to me, that all of you can come to the affair. Here's another treat, girls, imagine yourself dancing in the arms of a certain young gentleman, to the strains of Walter Žukas' orchestra. Boy, that certainly is romantic.

As you all know, the proceeds will go to Laisve's Press Fund, so come on and give your old alma mater a helping hand to give you the best of service. So come up and see us on that day. Your all welcomed, and you will have a ripping time. So, here's to seeing you soon.

M.B.

Oh! Oh!

Man (at wedding to cold, dignified lady.):

"Are you a friend of the groom?"

The Lady: "Indeed, no, I am the bride's mother."

Youth Organizations to Campaign for Endorsement of Workers' Unemployment-Social Insurance Bill to Force Enactment

NEW YORK CITY.—The workers of the United States need a new form of security which they have never seen in this country. It is not a charitable form of Dole, but real honest-to-goodness unemployment and social insurance. Up until now, hundreds of thousands, even as high as a million American workers have endorsed the bill now pending in Congress.

Up until now, our Lithuanian Youth organizations have done practically nothing as an organization to support the bill and help force it thru' Congress. This bill would end, temporarily at least, the misery which even Roosevelt and that NRA and CWA has been unable to cope with. It would put a short life to the starvation of millions of workers in the United States.

This bill, printed below, means exactly what the word implies, Insurance from unemployment. It means insurance from disability. Still, we may find some young workers who would say it is unfair for us to tax the rich who make over five thousand dollars per year and to pay it out as unemployment insurance. To those, we should answer, "Who earned that money? Who sweated his brains out that this rich person could get the amount over five thousand? Is it not the result of those who are now out of work? Is it not from the sweat and blood of those who are still working? (And for how long?)

Read over the bill carefully. Get your youth branch to endorse it and take it to every organization where you belong. Take it to the settlement house, to the YMCA, to your school and shop. Have a discussion on it in your civics class, have a discussion on it in your history class. Ask your teachers to express what they think about it.

Then, when this is done, write up your experiences and send them to the youth section to be published. Write us what action was taken by the youth branch on this question. Write us what action your class in school took on it and what action the union, whether AFL or not, took on it.

Ask individuals what they think about the Workers' Unemployment and Social Insurance Bill. Have copies of it with you where ever you go. Get your youth branch to order as many copies of this bill as necessary. You should have the postal cards illustrated above with you always and give them out to your friend who you have convinced that the bill is a good one. Every single member should get a card and send it to his congressman and to the House of Representatives Committee of labor, stating that you want the bill passed. This will force our rich congressmen to sit up and to take notice when the bill comes up. It

"I'M LOOKING FOR WORK AND I FIND NONE..."

By MARGE BUIVYDAS

It was so dark in the hall, that Lea and I had to grope our way. We finally reached the agency after having bruised our shins and almost fallen down the stairs. I went in (with my heart in my mouth). All I saw was men. I was just about to run out, when one kind young man told me, that the women's department was around the corner. I got there in less than one second. The lady at the desk asked me what I wanted, I told her that I was applying for the typist job. She asked me my age, and I said nineteen. She looked up quickly and again, rather roughly asked me my age. Without a tremor in my voice, I answered nineteen. (How brave I am!) How many years of experience? Two. (It really is about two years!) "I'm sorry miss, we want three years experience." Gosh, darn it, I'll put up my hair the next time, so maybe she will believe my age. I found Lea quaking in her shoes, she said that any minute she would have run away if I hadn't come back.

The next agency, we both tried for factory work. We were told, that job, for we never even saw a metal factory. We really couldn't take that we needed experience in a metal factory.

The Radio Agency, was the next we tried. Again, it was factory work. We were told we would get $7 and it would be pretty hard. We did not mind. But then came the surprise of our lives, we were told, that we would have to pay them three dollars, whether we got the job or not. So then, we realized, why it was that no one ever got a job in these agencies. We remembered that we had been told, that if you had to pay in advance, you should never apply for the job, for you never would get it. They send you out to the factory, you work for one week, and then they let you go. Sometimes, they don't even take you at the factory. It is a racket to swindle money out of unemployed people. If you are fool enough to fall for it, you just waste your money. Lee and I thanked our lucky stars, that we had no money with us.

From Forty Second Street, we tramped down to Fourteenth Street, to try our luck at Klein's. As it was too early, we went into the Automat, and had a cup of coffee. I nearly fell over my seat when I saw Lea putting lip-stick on. She told me, that the woman who accepts applicants in Klein's always takes the painted ones, for she uses a great deal of make-up herself. I proceeded to follow Lea's example, but no good did the artistic job yield us. After having climbed three flights to the employment office, we were told, that there were no jobs to-day. We took off our lip-stick at the first mirror we came to.

We again tramped up sixth Ave., to the Child's Restaurant employment agency. The man there told us, that they were not taking in any more girls, because they wanted to get new costumes. He asked Lea if she had any experience, she said yes. He asked me, and I of course said "No." He then, directed all of his attentions to Lea, much to my dismay and disappointment. He told us to come next week, when they would have their new costumes.

By this time, I was so hungry and tired, that I could hardly take another step. We saw an Automat and ran to it. Oh, boy, did our dogs bark! Lea had a hole in her sole, and I had no hits left on my heels, but we did not give up. We decided to go every day, until we did get a job. After a sandwich and a cup of coffee, we found temptation too great, so the door of a theatre opened and we remained there for quite a while.

We were not undaunted by our first failures, no man, one or two kicks, do not make these husky six footers turn around and give up, no sub. We're going to get a job sometime, and not remain idle while without one.

Nothing seems to daunt Lea and me, so like our predecessors, the Amazons, we keep valiantly on.

It is sometimes very interesting to note, what has to go with a job. You must not only be beautiful and clever, but you must also be good to the boss or manager. I can give one instance of this. I knew that if I could get a recommendation from the mananger of a five and ten cent store, I could go down to ther agency, and get a job. I happened to know the manager of one of these stores. I asked him if he could give me the required slip, that would get me the job. He agreed to this, on one condition. This condition, was that I was to be very nice to him, and let him take me out. When I heard this, I decided that I would prefer to stay without a job than take any gaff from this man. (I was just about to put beast instead of a man.)

In the "Times" or any other paper, practically every day, one finds, columns upon columns of "help wanted" ads. One day, I noticed that there were ever so many "model" jobs. I decided to try for one. They asked for experience, I'm sure that I have had plenty, for haven't I been modeling my own clothes for over seventeen years? I ought to know how to do it after that much time. So with this encouragement to myself, I decided to say that I had three years experience. They asked for girls, that were five feet nine or over. Well, that was all right, but there was a half of an inch that kept me from another job. The hip measurement was 36 inches, so I lost by one half of an inch. The place was very beautiful, but it seems as if all of the glamour about the place was false. The models there were so painted up, that I expected them to do an Indian war dance any minute. The manager of the place, seemed to think that he was a Frenchman, but with a nose like his, he better wear a disguise to prove that. He had the worst possible pronunciation. Why even with my three years of French, I could see clearly, that he was no more French than I was.

(To be concluded next week, Lea gets "a job"!)

Short Story Contest

Short Story Contest:—

Our Short Story Contest is now over. The winner, as probably many of you had expected, was Nade Licoscki and she will get her five dollars as soon as the treasurer can make out the check. Her last story, "But He'll Come Back" won the prize.

The winner of the three dollars was Walter Stanchus for "A Strange Funeral." This was one of the best stories and for some time, we debated whether he or Nade should get the extra two bucks.

Finally, since the plot of his story was taken from a poem by Micheal Gold. "A Strange Funeral in Braddock," published last summer in the youth section, and since Nade had an original idea, we came to the conclusion that the original idea should be first.

The third prize was also selected after much care. So many of the stories were good. The winner was John Gergelis for his "It Can Be Done." The comrades should not stop writing just because the contest is over. We want to develop new writers. We also urge you to write poetry, short plays, etc. etc. In that way, you who have talent will progress, and at the same time help our youth movement.

How They Attract!

The class was studying magnetism. "Tony asked the professor, "how many natural magnets are there?"

"Two, sir," was the surprising answer.

"And will you please name them?"

"Blondes and brunettes, sir."

Elizabeth Vanguards Retain League Lead; Beat Newark; Cliffside Arrives late for Game Sunday; Linden Wins from Brooklyn

Well, the Vanguards did it again. They welcomed the arrival of Newark LoDeStars to a place among their victims. And this time it was no surprise, for the Vanguards had previously beaten the highly touted Newark team.

It seems to be a habit for the Elizabethans to lead the parade and not concede the opponents a chance. Especially noteworthy is victory since at the beginning of the League they were not conceded any better place than third or fourth place. I wonder what writing between the lines we'll get for this.

Anyway, the game was rather exciting from start to the final whistle. The score does not denote the hard fought battle put up by the Stars, who were in the lead at one stage of th game; namely the middle of the third quarter when they led the procession at the score of, Elizabeth 16; Newark 17. At no other point after that did they even threaten; for the Vanguards put on the power attack and snowed their hard-trying opponents under an avalanche of baskets. Petrek from the guard position was the big gun for the Vanguards; while Monty played best for the LoDeStars.

The all-round playing of the Vanguard team was too much for their opponents. The accuracy of shooting the long and short shots was rather deadly. Well it won't be long before the end of the season and if the Vanguards keep on playing such head up balls we will be hard to beat.

Who Doesn't?

Father: "The man who marries my daughter will need a lot of money."

Young Man: "Well, I do."

Linden Beats Brooklyn

This game was one of Brooklyn's best. It was well played by the Brooklyn team and certainly the team is improving, due to experience. Still, however, good teamwork among the BuiLDerS is quite lacking and there is quite a bit of unbalance among the players. But, it will be admitted, that in a losing team the morale is broken and the playing is not as it should be.

The Linden team was by far superior, even though at the beginning they were a little off due to the floor on which they played being filled up with posts for the purpose of supporting the roof of the gym. However, after they became used to the floor, they shot basket after basket.

GREAT NECK CHORUS

Gratitude and appreciation is due from chorus members to Jimmy Grub, the chorus professor, for the energy and patience he put into teaching the Pirmyn Chorus.

Girls, take out your handkerchiefs and start weeping. Jim Grub has started to pay quite a bit of attention to a brunette girl whose name is Mona Savage. Wish you two luck.

Alice, did you enjoy the Concert Friday evening at the High School? Were you very lonely? Maybe so, maybe not?

Lillian L., Sophie Z. and Bertha K. are naughty girls going to the Basket Ball games every Friday in school instead of coming to the chorus rehearsals. I wonder if they go to see the Basket Ball game or for other reasons.

FURTHER INTO ACTIVITY

Thru' experience, now we can speak of how much enthusiasm for a youth club can be created by introducing sports. Our New York-New Jersey Basketball League, with all of its faults, is doing good things for the youth movement out here in the east. The biggest error, was in miscalculating the expenditure of each team in travelling from one city to another to play the games. This will no doubt be remedied in the future. The thing to think of right now, is to end up the season with a great big bang!

* * *

The Lithuanian Youth are planning just such a thing in the form of a huge affair at Clinton Park on Sunday, March 25th. This affair will be the grand finale of our first successful league in the east. Comrades from all the branches and choruses ought to show some of the spirit that the Brooklyn Aido Chorus members showed when they literally jumped up and volunteered to help the youth committee and the LDS Youth Branch put this affair over. The proceeds will go to the Laisve Press Fund, and will go to the credit of the Laisve Youth Section as raising the money.

Next time you are in Brooklyn, c'mon up and see the new automatic press working. See how much better it is than the old dilapidated presses that are in the cellar. The old ones are still working, however, but everyone giving a job asks to have it done on the new press.

Adult comrades are donating loads of money for it, but it needs the sum of almost $2,000 before it will be paid up. That is why we are arranging this affair and certainly, by all means, all the advertising is to be printed on the new machine.

* * *

Let us get back to basketball. Complaints have come in that there are "ringers" playing on some of the weaker teams to beat the stronger ones. Not mentioning any names, but it will be taken up at the next District Youth Committee Meeting for action. Still it is very hard to keep a strict checkup of all the players, because there has been no registration made of them. In the future, though, all members of the LDS Insurance sections are to get Labor Sports Union membership cards. This will permit him to identify himself as a member of a certain team and the captain, feeling that there is a "ringer" playing for an opponent, will have a perfect right to ask him to show his LSU card. This matter will be settled. The members of the sports section will also have to be registered to play. They will have to send in 15 cents (thru' their youth branch) to the LDS Center and will get their cards. However, a letter will soon go out to all the branches on this question. It will be taken up at the next meeting, so do not miss it.

NATIONAL LSU BASKETBALL CHAMPIONSHIP

A bulletin and a number of entry blanks have come in (the entry blanks have been sent to the teams) for participation in the National Labor Sports Union Championship. The whole country is preparing for it and the first preliminaries will be played in the **Kay-Tee Club's gym.** The address is **764—40th St. Brooklyn, New York.** The games are to start at **10:00 a. m. and last until 4:00p. m.** The first team will receive a trophy as the district champions. Other tournaments are to be held and lead up to a National Tourney, which will be held in New York City on April 15th. There are prizes all the way. All of our teams should enter. Especially all the teams of the Mid-west Basketball League and the New York-New Jersey League. The entry fee for the whole tourney is but one dollar and since we have won National Championships before, there is no reason why we cannot do it again. Oh yes, Chicago comrades, the Spartans are elligible since they played in a league organized by the L.S.U. for the whole season. It is a darned shame that the mistake was made, or the rules misunderstood or something out there. Hope one of our teams comes to New York for the National Championship, though. The Daily Worker should carry more news of the whole tournament.

THIS 'N' THAT

By SNOOPER FINE

Only one dollar was received this week. The contributors were: Kaunuk and F.P.P., each 50 cents. This makes a total of $5.50 to date. Can we raise the amount to $10.00 by next week?

Many thanks to Kaunuk for her write-up in the last section about necessity of a new press for Laisve and for mentioning Ole Snooper-Fine as one of the collectors of funds for this worthy cause.

March 25th is the date when all young camrades of New York and New Jersey will renew their acquaintances. The place will be Clinton Park, where there will be a basketball game and dance for the benefit of "Laisve's" press.

This affair will mark closing of our basketball tournament and the two teams scoring highest will play as the added attraction of the evening. The wining team of the League will receive a trophy that evening also. (Who will it be boys, not Brooklyn, I'm sure).

WHO'S WHO

Last week's Who's Who was **Aldona Klimaitis.**

This week's:

Unfortunately is the only child in the family, hence has adopted two chorus members as brothers. Is very interested in the opposite sex, but has not the power to hold them. Is a member of the NLYC and chorus. Is still waiting for a certain young man to return her class pin. January 28th, 1934, marked the arrival of Dan Cupid with a bow and dissilutioned love.

Poo' chile Nellie was greatly disappointed last week... he failed to show up and even the mailman forgot the number of her house... T.B. should not listen to gossip and not be blind to the fact that there a good girl... Let's hope our voluntary committee for the affair will make it a success with a bang!

Where oh where, have these lassies gone: Aldona, Mary, Alda, Lillian? Why don't you show up for rehearsals in the chorus? There have been some complaints... The chorus is singing Saturday and Sunday, so we'll be expecting you to step in the hall on Friday and warble a bit.

COD LIVER OIL DEPARTMENT

One teaspoon to Alda for disappointing Ade... One teaspoon to Kay of Elizabeth for backing out (She told me about it)... One teaspoon to Jerry for not singing with the sextette last Sunday... One quart to the sextette for singing as they did... One teaspoon to Milda for being so noisy at chorus rehearsals Friday... Same to Marge... One teaspoon to Henry for not showing up at rehearsals.

Congrats to "Mae West", Marga and Mil for volunteering to help at the dance on the 25th!... I was told, incognito, that Frank was pleased by being mentioned in last week's column and greets everyone with the following: "Hello Snooper Fine." In this way he expects to find out who is responsible for this column. Good luck to you, but you haven't approached me as yet...

I'll be seeing you the 25th, so watch your steps...

ESSENTIALS IN CONDUCTING

The word "conducting" as used in a musical sense, now ordinarily refers to the activities of an orchestra or chorus leader who stands before a group of performers and gives his entire time and effort to directing their playing or singing, to the end that a musically effective ensemble performance may result. In other words, this conducting technique means the attainment of the desired through an economy and simplicity of means. The conductor, either using the conventional baton, or simply his hands may employ changes of facial expression, bodily posture, etc. to attain the desired; but above all, his gestures must be clear.

B. L. Shelley

Three important essentials of a good conductor:

1. Good musicianship
2. Innate musical qualities
3. Leadership

The first two essentials are self-understood. The essential of leadership is very important, and among the qualities of leadership are:

1. A sense of humor
2. A creative imagination
3. Organizing ability

The baton itself should be from 16 to 20 inches long, light in weight and light in color. It is held between the thumb and first, second and third fingers of the right hand—with wrist loose and flexible. The manipulating the baton should be high enough to be seen by the performers, the elbow being kept well away from the body. The baton movements in actual practice are not exactly the same pattern over and over again—but the general direction of the baton movements are as follows: For a two-beat measure, the movements are—down, up: for a three beat measure—down, right, up, to form a triangular figure; for a four-beat measure—down, left, right, up. The down gesture, being the first beat and the most important, should be stronger.

To secure a firm attack, it is advisable to start with a preparatory beat—one before the actual start. The length and general character of the baton movements depend upon the emotional quality of the music. A piece in rapid tempo will require a short beat, whereas something slow will demand a long, flowing beat.

The left hand is used for cues, that is, for various entrances, dynamics, releases, etc.

Only by intelligent practice, can a conductor learn to use his baton successfully. The muscles used in conducting must be so coordinated, that the gestures be graceful rather than awkward and ungainly.

Interpretation must be studied by the conductor from a twofold basis:

1. From the standpoint of the expressive rendition of music in general.

2. From the standpoint of securing the expressive rendition of music from a group of players or singers.

Musical interpretation consists in impressing upon the listener the essential character of the music by emphasizing the important elements and subordinating the unimportant ones; and indicating through phrasing, the design of the composition as a whole; and in general, by so manipulating one's musical forces that the listener will feel and understand the basic significance of the composer's message.

In vocal music, the expression is independent upon the text, therefore the conductor must strive to get good diction from his group. The conductor of a vocal group must know details of voice culture, through which methods he can obtain better quality—for if singers have not proper breathing, control, relaxation, etc., the intonation will suffer.

A conductor must make a careful, painstaking study of the work to be performed, so as to become thoroughly familiar with its content and to discover its true emotional significance. He must also make such display of emotion in his conducting as will arouse a sympathetic response, first on the part of his performers, and then in turn in the audience.

LOOK OUT FOR MARCH 25

There were two comrades that came over to me and said, "Johnnie, the youth section is getting to be lousey! It is not like it used to be. It used to have sparkle and some life. It used to be interesting and good. What has happened?"

What could be the answer. We were stumbling around for some time and a friend runs up and asks what we are stammering about so much. What could we say? Nothing. So we said nothing. So the first comrade; again said, "Why don't you do something? Where has the Snapshots column disappeared to?"

The comrade who came up piped in. "Why, you so-and-so. Why don't you write as often as you used to? That is where the fault lies. You comrades always criticize, and then forget that it IS YOUR paper. If there is any sparkle out of it, then the fault lies with the correspondents. They should write more to the section about their activity. They should tell the world what they are doing for the youth movement."

True enough, comrades. There is where the whole trouble lies. The Youth sections have been improved and reimproved and finally became what they are now. Oh, we are not saying that there is no more sparkle in it anymore like the comrade said. Other comrades have recently come up and said that our paper is much better than it ever was. But the thing we want to impress, is this...

MORE CORRESPONDENCE.

When a comrade goes to a certain town, he urges the youth there to write. They write. About ten of them all at once and practically about the same thing. Naturally, all the writings would be a repitition. But once we cut down on some of the matter, then everyone gets mad and stops sending things into our section. The poor editors have to sit down and write it all themselves. This thing happened in Wilkes-Barre, and Boston, and a number of other places.

What can we do to correct the situation? We should assign a comrade to write from each colony. We mean, each organization should have its own correspondent, elected at the regular meeting. This comrade should write about the doings and goings on there and should be checked upon by the members. When an article is not in the paper, someone should ask at the meeting why it did not appear.

Comrades who are able to write should be the ones assigned to do the job. In that way we shall have every week, something about your organization. Sometimes even a penny postal card will do if there is only a short item to be put in. But the main thing is TO KEEP US INFORMED of the happenings, so we can plan our work better, bring back the sparkle, and make the paper interesting. All correspondents should avoid writing nothing but senseless things. They should avoid writing big ten page articles. If every organization sends in an article typewritten, double spaced, from three quarters of a page long, and sends it in before Monday, the article is sure to appear.

Comrades, you should be your own reporters. You should learn to write breif short articles and not waste the valuable space in our papers.

Another thing. Last week, we had a new column appear. The name was THE SHOWDOWN. This column, we expect to be filled in by reviews of plays, movies, etc. It will only appear if comrades who go to shows etc. write up reviews, expose the class content of the movies and drama that you see. Especially the more developed comrades should see to it, that when they see a good or bad movie they should publish their impression of it.

Thousand Delegates from 36 States Demand Passing of Unemployment-Social Insurance Bill

Last February 5th, a large unemployment convention was concluded in Washington for the purpose of discussing the Workers' Unemployment and Social Insurance Bill. The LDS had its representative, Comrade Alda Kairys, a faithful and energetic worker in the Lithuanian Youth Movement and also a member of the National Lithuanian Youth Committee.

ALDA KAIRYS, LDS Delegate to Unemployment Convention

Plans were made for carrying the campaign to the masses of people, to the organizations in the cities and the farm districts. The delegates came from all sorts of trades, industries and organizations.

The struggle for a United Front of all organizations, despite the efforts of various misleaders of labor and rich organization cheifs, for these demands was the center of the main report of I. Amter, National Secretary of the Unemployed Councils of America.

A total of 32 states were represented at the convention.

Every mention of the Workers' bill brought forth great enthusiasm and applause from the thousand delegates. "We are determined to win the enactment of the Workers' Bill," he stated at one time. The applause was tremendous. "Unity of the workers is the best weapon to win the Workers' Uunemployment and Social Insurance Bill." He spoke about Roosevelts great plans for recovery which after almost a year (at that time) had miserably failed. It was impossible to conquer the depression, as he had set out to do and still increase the profits of the rich. It only decreases the buying power of the vast majority of the peaple. Comrade Amter quoted the government's own figures to bring out the various points and showed that disease has increased, undernourishment, not only of children, but of adults also, was taking its toll every day. He quoted a figure of Francis Perkins that 25 percent of the children are undernourished in this country today. This alone shows the need of clipping off the huge profits of the capitalists.

City Councils, Unions Endorse H.R.-7598

Minneapolis, Minnesota.—The workers here packed the city council nall last January 25th and demanded that the City Council endorse the Workers' Unemployment and Social Insurance Bill. The motion was made and passed by a vote of 13 to eight.

* * *

As a result of an intense campaign by the Unemployment Councils, the following cities have endorsed the Workers' Unemployment and Social Insurance Bill:

Tacoma, Washington
Milwaukee, Wisconsin
West Allis, Wisconsin
Bedford, Ohio
Buffalo, New York

Many labor unions have already endorsed the bill presented to Congress. They represent thousands upon thousands of workers. A Fraternal Federation for Social Insurance has been set up in New York City into which various fraternal and benefit organizations have entered. Among the list we find two Lithuanian National organizations: The Association of Lithuanian Workers (LDS) and the Supreme Lodge of Lithuanians of America (APLA). These are the only ones so far. All Youth branches and youth organizations should make it their task to assign people to visit ALL clubs, sport social, and otherwise to endorse this bill and send their endorsement to the proper places.

Paterson LDS to Hold Sport Nite

The Paterson Youth Branch is holding an All-Sports nite on Friday, March 16, at 62 Lafayette St. Did you ever play Ping Pong? Well, here's your chance. Hey, boys, do you know how to pitch quoits? And dart throwers are invited to hit the bull's eye. If you want to, you can also play cards. Many other games are promised. And of course, we'll have dancing. Admission is only 5c. Begins 7:30 p. m. Come one! Come all!

will force the bosses' tools in Washington to act favorably upon it. Read a copy of it. What does it guarantee every worker? Where does the money come from to pay the insurance? It comes from those who own the factories and mills in which the workers slave and in which the workers are cheated out of their rightful pay due to the greediness of the boss.

This is the only way that, without changing the system under which we live, we should be able to improve our living conditions, to a certain degree, be insured from losing our pay, thru' unemployment, sickness and disability thru' no fault of their own. Let us have all our youth organizations endorse this bill. We shall publish a list of those endorsing in each issue of the TIE-SA, Laisve and Vilnis Youth Sections. See that your branch and the club you belong to endorse the bill, and do not forget that unless you notify your congressman and the House of Representatives Committee on Labor, it will be of no value to endorse it. Below is a copy of the bill as it is printed for the congressmen.

73d. CONGRESS ----- 2nd. Session

H. R. 7598

IN THE HOUSE OF REPRESENTATIVES

February 2, 1934

Mr. Lundeen introduced the following bill; which was referred to the Committee on Labor and ordered to be printed

A BILL

To Provide for the establishment of unemployment and social insurance, and for other purposes.

Section One

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act shall be known by the title "The Workers' Unemployment and Social Insurance Act."

Sec. 2. The Secretary is hereby authorized and directed to provide for the immediate establishment of a system of unemployment and social insurance for the purpose of providing insurance for all workers and farmers unemployed through no fault of their own in amounts equal to average local wages. Such insurance shall be administered by workers and farmers and controlled by them under rules and regulations prescribed by the Secretary of Labor in conformity with the purposes and provisions of this Act, through unemployment insurance commissions composed of the rank and file members of workers' and farmers' organizations. Funds for such insurance shall hereafter be provided at the expense of the Government and of employers, and it is the sense of Congress that funds to be raised by the Government shall be secured by taxing inheritance and gifts, and by taxing individual and corporation incomes of $5,000 per year and over. No tax or contribution in any form shall be levied on workers for the purposes of this Act. In no case shall the unemployment insurance be less than $10 per week plus $3 for each independent.

Sec. 3. The Secretary of Labor is further authorized and directed to provide for the establishment of other forms of social insurance in like amounts and governed by the conditions set forth in section 1 of this Act for the purpose of paying workers and farmers insurance for loss of wages because of part-time work, sickness, accident, old age, or maternity.

Sec. 4. The benefits of this Act shall be extended to workers and farmers without discrimination because of age, sex, race, or color, religious or political opinion, or affiliation, whether they be industrial, agricultural, domestic, or professional workers, for all time lost. No woker shall be disqualified for the benefits of this Act because of refusal to work in place of strikers, at less than normal or trade-union rates, under unsafe or unsanitary conditions, or where hours are longer than the prevailing union standards at the particular trade and locality, or at any unreasonable distance from home.

WATERBURY, CONN.

Per keletą metų teko pastebėti, kad Romos agentai stengdavosi pakenkti darbininkų organizacijų parengimams. Bet jų kenkimai ne visuomet pavykdavo. Kartais jie patys tik nuostolius panešdavo.

Dabar tie elementai padarė suvienytą frontą su socialistais ir bandė kenkti Vilijos Choro parengimui vasario 25 d. Bet ir čia jiems nepasisekė. Vilijos Choras padarė pelno, o jie skylėje.

Žmonės vis laukia, kada darbai pagerės. Kai kurie sako, kad taip ilgai negalės būti, nes, girdi, tai revoliucija būtų, je laikai nepasikeis. Daugiausia taip kalba, tai įvairūs šios tvarkos agentėliai, kad darbininkus palaikyti tamsybėj.

Kuomet darbininkai tiki į tai, kad laikai geri ateina, tai jie nestoja į organizacijas, kurios kovoja už darbininkų klasės reikalus. Bet jau yra ir darbininkų, kurie netiki tokioms pasakoms.

Paminėkime tiktai NRA. Kuomet NRA įvedė, tai sakė, kad dirbs darbininkai po 40 val. į savaitę. Bet ar daugelis dirbo po 40 val. į savaitę? Dabar jau kalbama apie 30 val., o paskiaus reikės kalbėti apie 20 valandų į savaitę.

Mat, darbininkai taip skubiai verčiami dirbti, kad jie padaro tiek pat darbo ir trumpas valandas dirbdami. Tai reiškia, kad darbai negalės pagerėti.

Klausia, Kas Tie Fašistai, Bet Patys Jais Pasirodo

Kovo 2 d. į 103 Kliubo susirinkimą atsilankė du delegatai, kad pakviesti kliubą prisidėti prie surengimo masinio susirinkimo protestui prieš Vokietijos ir Austrijos fašistus. Iškėlus šį klausimą, tuojaus lietuviški fašistėliai pradėjo svetainėje ūžti, kaip bitės avilyje.

Vienas iš jų klausinėjo, kas yra fašizmas, kiti vėl neleido aiškinti, bet rėkavo ir kvatojo, kaip koki vaikai. Bet paskiaus klausimas pavesta balsavimui. Nubalsuota, kad nerinkti delegatus. Reiškia, nutarė nesidėti kovon prieš fašizmą. Tai reiškia, kad jie pasisakė, jog jie yra fašistai. Jie laimėjo susirinkime. Bet ką tai reiškia? Tai nereiškia, kad organizacijoj jų didžiuma. Darbininkai nėra fašistai. Didžiuma kliubo narių yra darbininkai ir ne fašistai. Tik bėda su jais, kad jie nelanko susirinkimų.

Darbininkams reikėtų daugiau lankyti susirinkimus ir neleisti organizacijoj ponauti fašistiniam elementui. Fašizmas yra darbininkų judėjimo ir bile kokio progreso, laisvės, priešas. Rimtesni inteligentai ir biznieriai nepritaria fašizmui. Jei Amerikoj įvyktų fašizmas, tai ir lietuviški biznieriai nukentėtų taip, kaip kad dabar kenčia žydai Vokietijoj.

Todel visų protaujančių darbininkų, inteligentų ir biznierių yra pareiga kovoti prieš fašizmą. Tai kovai priešintis gali tik visai tamsūs, sustingę, religijos bei fašizmo sufanatizuoti žmonės.

Dar vieną sklokininką kliubas nubaudė. Nors pirmesniam susirinkime Aleksiejus buvo išteisintas, bet tas buvo padaryta tik todel, kad sklokininkai buvo gana užsispyrę išteisinti jį, o įrodymai buvo aiškūs, kad jis kaltas, kaip ir pirmesni du. Kliubo gynėjas Rutkauskas vieton parodyti kaltininkų šunybes, jis pynė dalyką, kad tik nariai nesuprastų aiškiai.

Nežiūrint kad tada išteisino, bet nariuose pasiliko ta mintis, kad jis yra taip pat kaltas, kaip ir pirmesni du. Praeitam susirinkime vėl kilo klausimas Aleksiejaus. Atrado jį kaltu ir prašalino iš finansų sekretoriaus pagelbininko.

Šiandien Paleidžia 11,000 Darbininkų iš C.W.A.!

PALEIDŽIAMIEJI CWA DARBININKAI, STOKITE Į BEDARBIŲ TARYBAS

Šiandien paleidžia iš CWA (viešų darbų) 11,000 darbininkų. Visi jie buvo bedarbiai, bet vėlesniu laiku buvo paimti prie viešų darbų. Dabar LaGuardijos valdžia išmeta juos į bado ir vargo nasrus, Darbininkai privalo organizuotis į Bedarbių Tarybas ir kovoti reikalaujant darbo arba tuojautinės pašalpos. Miesto ponai jau dabar sako, kad jie negalės bedarbius šelpti. Bet per organizuotą veikimą mes juos priversime. Bilionus dolerių valdžia skiria karo prisirengimui, mūsų obalsis, kad karui skiriami pinigai tuojaus būtų atiduoti del bedarbių šelpimo.

ĮVAIRIOS ŽINIOS

Jau 50,000 Kopijų H. R. 7598 Biliaus Paskleidė

Nacionalis Bedarbių Tarybų komitetas paskelbė, kad pereitą savaitę yra paskleista virš 50,000 kop. HR-7598 biliaus, reikalaujančio bedarbiams pašalpos ir darbininkų draudimo. Taipgi paskleista 53,000 atviručių tuom klausimu. Ką daro New Yorko ir apielinkės lietuvių darbininkų organizacijos? Ar jau parsitraukėte tų lapelių? Jeigu ne, tai greitai parsitraukite. Rašykite sekamu antrašu: **Uneployed Councils, 80 E. 11th St., Room 437, New York, N. Y.**

Taxi Draiveriai Gauna Darbininkų Pritarimą

Virš 4,000 taxi draiverių kovoja streiko lauke prieš savo išnaudotojus. Jų streiko priešakyje stovi Taxi Drivers Union. Ateinantį šeštadienį, 11 val. ryto, Manhattan Lyceum svetainėje, 66 E. 4th St., New Yorke, yra šaukiama konferencija pagelbai streikuojančių darbininkų. Jų kova vis daugiau gauna darbininkų pritarimo. Darbininkų organizacijos privalo pasiųsti savo delegatus į šią konferenciją.

Teisia Darbininką

Kapitalistų teismas teisia darbininką M. Hogopą, kuris energingai kovojo laike pereitų metų kailiasiuvių darbininkų streiko. Išnaudotojai iškėlė prieš jį apkaltinimą, būk jis sukėlęs riaušes. Šį darbininką gina Tarptautinis Darbininkų Apsigynimas, kaip ir visus kitus kovingus darbininkus.

Tai yra visų darbininkų užduotis pamatyt šį svarbų veikalą

Komunistų Partija už Bendrą Frontą del 1-mos Gegužės

Komunistų Partijos Antras Distriktas išleido į visas New Yorko darbininkų organizacijas atsišaukimą, kad visi bendru frontu ruoštų demonstracijas Pirmą Gegužės. Svarbiausi obalsiai: kova už pašalpą bedarbiams, už HR7598 bilių ir kova prieš fašistus. Bus šaukiama plati konferencija aptarimui, kaip sekmingiau suruošti masines demonstracijas.

Motina Nori Gelbėt Sūnų

Kovo 20 dieną New Yorke bus teisiamas 23 metų A. D. Kirwain, kuris yra kaltinamas, kad jis važiuodamas laivu ir begerdamas su F. Coudetu susiginčino del religijos ir pastarąjį subadė peiliu. F. Coudert mirė. Kirwaino motina yra Paryžiuje ir ji nori atvykti sūnui į pagelbą.

Puls Degtindarius

Miesto laborotorijoje buvo išbandyta 54 sampalai degtinės ir tik 14 sampalų atrasta gera degtinė, kokia yra leistina pardavinėti. Kiti sampalai parodė, kad netikusi degtinė. Sako, kad būk kaip kurie karčiamninkai nusiperka namų varytos arba ir patys pasigamina ir pardavinėja už seną. Bus daromas puolimas ant tų, kur bus surasta savadarbė degtinė. Kaip matome dar vis turi trubelių su degtine.

Daugiau Gaisro Aukų

Ir vėl nuo liepsnos gelbėdamasi žuvo moteris ir mergina. Liepsna apėmė namą 127 Edgecombe Ave. Ant penkto augšto baisioje padėtyje atsidūrė gyventojai. 54 metų moteris Mary Blake pagriebė savo anūką C. White, 10 metų berniuką, ir išmetė laukan. Jis sužeistas guli ligoninėje. Paskui per langą šoko pati moteris ir ją pasekė jos duktė, 17-kos metų amžiaus. Motina ir duktė užsimušė. Tai jau 31 auka del gaisrų nuo 1 d. sausio. Namų savininkai nepaiso ir neaprūpina namus reikalingomis priemonėmis, kad būtų galima išsigelbėti nuo gaisro.

CWA Darb. Protestuoja

Viešų darbų darbininkai pasiuntė savo delegaciją pas miesto majorą LaGuardią ir įteikė jam protestą. Greitai rengiasi paleisti iš viešų darbų 160,000 darbininkų ir neva žada pašalpą, bet jau dabar ponai sako, kad jie negalės suteikti visiems pašalpą, nes jie į mėnesį pašalpos reikalams turi tik 3 milionus dolerių, gi mieste yra virš miliono bedarbių. Darbininkai reikalauja darbo arba pašalpos iš kurios jie ir jų šeimynos galėtų gyventi.

Miegas Išgelbėjo Gyvastį

N. Siassotas, savininkas valgyklos po 201-03 E. 106th St., užsimanė miego ir jis nusprendė valandą anksčiau uždaryti savo valgyklą ir eiti namo, kur jis gyveno. Taip ir padarė. Po to, kaip jis išėjo iš valgyklos už 40 minučių sprogo boileris ir sugriovė valgyklą, jeigu jis ten būtų pasilikęs, tai nebūtų likęs gyvas.

Bosas Skaudžiai Sumuštas

Viešų darbų bosas H. Metzjer, 42 metų amžiaus, gyvenantis 112 E. 113th St., tapo jo namuose sumuštas ir peršautas. Jis patsai neatsimena kas jį sumušė. Jo moteris atrado jį be sąmonės gulinti su sudaužyta galva. Galėjo tą atlikti koki piktadariai, vagiai; bet jis meta bėdą ant CWA darbininkų, matomai jis jiems yra įkirėjęs.

Nukapojo Slaugių Algas

Majoras LaGuardia su savo pagelbininkais nukapojo miesto slaugių algas nuo $60 iki $240 į metus kiekvienai. Per visas slauges į metus laiko joms yra nukapota apie $100,000 algų. Kada jis runino į majorus, tai tada nesakė, kad taip darbininkus puls, bet visokias demagogines kalbas skleidė. Visada taip daro republikonų ir demokratų vadai.

Pašto Darb. Demonstravo

Virš 2,000 pašto darbininkų demonstravo New Yorko gatvėmis protestuodami prieš algų nukapojimą. Pašto darbininkams yra nukapota 15 nuoš. algų. Jie išreiškė savo protestą maršavimais ir pasiuntė delegaciją pas pašto viršininką reikalaudami, kad algos būtų sugrąžintos. Taipgi išleido lapelius į visuomenę atsišaukdami, kad pagelbėtų jiems laimėti kovą.

Darbininkai Laimėjo Kovą

New Yorke Revoliucinės Adatos Darbininkų Industrinės unijos vadovystėje, dabar virš 100 kailiasiuvių dirbtuvių, darbininkai yra streiko lauke. 35 kompanijos jau susitaikė, išpildydamos darbininkų reikalavimą. Nėra abejonės, kad vieningai ir energingai kovodami darbininkai privers ir kitus išnaudotojus pasiduoti.

Trumpos Žinutės

Miesto vaikų žaidimo parke ant Dongan Hills, prigėrė keturių metų berniukas Harry Cairms. Vandens prisipildė duobės ir jis įkrito. Tokioje pat bėdoje buvo ir jo jaunesnis broliukas, bet tas išgelbėtas.

Artistė Kathryn Ray tikrai mano išgauti iš savo vyro Macoco po $2,000 į mėnesį alimonijos, nors viso labo ji su juo tegyveno pusantros nakties.

Vaikų Mokyklėlės Parengimas

Šeštadienio vakare, kovo 10 d., "Laisvės" svetainėj, buvo vaikų mokyklėlės parengimas. Kiek laiko atgal Lietuvių Darbininkų Susivienijimo 1 kuopa suorganizavo LDS vaikų kuopelę ir įsteigė mokyklėlę. Mokyklėlę jau lanko apie 25 vaikai; jie mokinami lietuvių kalbos, dainų, sporto ir darbininkiško supratimo.

Parengime pereitą šeštadienį vaikučiai gražiai pasirodė. Jų chorelis puikiai sudainavo kelias daineles. Atsilankiusieji netikėjo, kad jie taip gražiai sudainuos, nes dar visai nesenai pradėjo mokintis. Bet drg. A. Klimiutė į trumpą laiką gerai juos sumokino padainuoti. Prie chorelio dar ir vaikų sekstetas sudarytas, ir jis gana gerai pasirodė.

Adelė Naktinis, Emilija Klimas ir Mary Brown gražiai padeklamavo.

Kad parengimas atneštų medžiaginės naudos mokyklėlei, tai draugės A. Čekanauskienė, Brown, K. Sukackienė ir Papienė paaukojo valgomųjų daiktų.

Pasitaikė blogas oras, tai publikos buvo nedaug. Tačiaus rengėjai mano, kad jų parengimai ateityj bus sekmingi, ypatingai kuomet vaikučių chorelis išsilavins dar geriau dainuoti.

Patartina tėvams įrašyti savo vaikus į Lietuvių Darbininkų Susivienijimo vaikų apdraudos skyrių ir leisti į mokyklėlę.
