

# THIS DAY and AGE

## THE RELATION OF CATHOLIC ACTION TO A CAREER

THIS MODERN YOUTH  
CONTINUED

In the last installment Father Lord showed how "Modern Youth" was falsely publicized. We likewise saw how this youth tried to live up to this publicity and was misled. We continue:

No worse group of publicists ever fell upon a generation than the novelists, dramatists, pseudo-philosophers and scenarists who leaped avidly upon this younger generation. They gave us pictures that were distorted, and the older groups were puzzled, alarmed and often frankly agast. They set up utterly false ideals and principles of living; and the younger group wondered if that was what was expected of them.

They found themselves, these young people of ours, analyzed and psychoanalyzed, praised to the skies for virtues which they did not possess and damned to the depths for vices of which they were not guilty. They had the unpleasant experience of being regarded sometimes as specimens, sometimes as geniuses, sometimes as morons, sometimes as accomplished sinners and sometimes as abnormal saints.

It was all a most disturbing process. No speaker ever got up to address them without dragging in flaming youth. Self-confessed liberal speakers praised them far beyond the point of truth and far in excess of their actual virtues. Many an honest-minded young man or woman has hung his or her head in shame as speakers have told how honest and straight-forward and virtuous the younger generation is. On the other hand, amateur Savanarolas put them in a class with Don Juan and Catherine of Russia, without the opportunities of either course, but with decided leaning their way. And with candid eyes on their own rather uneventful experiences, the same young audiences wondered if they were missing something, if they were expected to be bad, and where in the blazes these speakers got their facts, anyway.

Other generations have had held up for their imitation or avoidance the heroes and villains of the past. This generation has been forced to look upon itself, now as a race of heroes, now as a crew of hopeless villains; and, knowing clearly that it is neither, it grows more puzzled and more inclined to discredit the prophets of youth and rely on its own estimates of itself.

THE END

### WHAT IS SACRAMENTAL GRACE?

Sacramental Grace is a special help God gives to attain the end which for which He instituted each sacrament.

For example, what was the end for which Penance was instituted? To forgive sins and to keep us out of sin. Therefore the sacramental grace given in Penance is a grace that will enable us to overcome temptation and avoid the sins we have been in the habit of committing. When a person is ill the doctor's medicine generally produces two effects: one is to cure the disease and the other to strengthen the person so that he may not fall back into the old condition. So is it just the same in the sacraments; the grace given produces two effects: one is to sanctify us and the other to prevent us from falling into the same sins. So in all the sacraments we receive the sacramental grace or special help given to attain the end for which the sacraments were separately instituted.

#### No Premium for Walkers

A man went to an insurance office to have his life insured. "Do you drive?" the insurance agent asked. "No," informed the applicant.

"Do you fly?"

"No."

"Sorry, sir" snapped the agent curtly, "but we no longer insure pedestrians."

Of all the dismal fates—to be on a slowly sinking ship beyond rescue. A colored boy expressed it perfectly in 1917. Asked whether he wanted to join the army or navy, he said, "Army and nuthin' else. 'Cause," he continued, "if the Germans get you when you're in the army, there you is. But in the navy where is you boy, where is you?"

## Lith. A. C. Softballers Prepare for DuBois Trip

### Garden to Finance Trip to Eastern Playoffs

Tommorrow night, Saturday, Aug. 12th, the Cleveland Lithuanian Athletic Club is sponsoring a Card Party and Social in the garden of Mrs. Peckaitis, 6028 Superior Avenue at 8:00 P.M.

All are invited to attend and spend a pleasant evening out-doors, and at the same time support a worthy cause. The proceeds of this party will go towards financing the club Soft Ball team's trip, to DuBois, Pa., where the American-Lithuanian Athletic Association Eastern division play-offs will be held.

The local team are present National champions and hope to repeat again this year. The going will be much tougher this year, as seen from the teams that are entered, but our boys have been working out regularly for the past few weeks and look to be in very good shape.

Cleveland will be well represented at DuBois, August 19 and 20th. Reservations for ten cars, already are in and we hope that many more will accompany the team. Final plans for the trip will be made at the clubs regular monthly meeting Tuesday night August 15 in the Lithuanian Hall. All Lithuanians, members and non-members are invited to this meeting.

### KWYER KRIER'S KOLUM

By Sapięskio Žukas

Choir activities of the last session included the selection-intimidation of four members—the same ones who peeled potatoes for the last splurge—for the Stomach Distender's Committee for the combination Weiner-Corn Roast to be featured at a Painsville farm on August 27th, the dictator-like forcing of Miss Natalie Raymonds and sister Connie, Miss Snow White Greicius, Mrs. Bruno Kudzius, and the waterboy to assail the dear ivy-covered woodwork of the school room presented to the choir for its own permanent use by Rev. Fr. V. Vilkutaitis with paint brushes, lights and other decorative devices and fixtures; and lastly, the first, really great, offensive drive for new members—and also for seceded ones. Four prizes totaling \$5.00 and divided into prizes of \$2.00, \$1.50, \$1.00 and \$0.50 have been posted for those who can magnetize the greatest tonnage which will survive the affliction of club membership until February 1st; the specifications for qualified members, new or old, are: that they be Roman Catholic, that they are near-abstainers by nature—not by force—and that can withstand musical discord without wincing—and that it is quite an ordeal.

One of our "igh C sharp" vocalists reports he was recently amused at reading a placard atop a steam shovel in operation near his factory which read: "We move the earth—well, part of it!" And he accuses the Poultry Congress of being responsible for excessive egg-laying! With such humor what would he think of a future vocation of reposing in electric chairs above which, be placed such appropriate sentiments as: "We've aided some over the painful brink of eternity—why not you?"

### TICKETS FOR CYO BOAT RIDE STILL AVAILABLE

Tickets for the CYO Boat Ride which will take place this Sunday August 13th, are still available and may be obtained at the St. George parish rectory from Father Bartis.

Tickets are one dollar and include the round trip to Cedar Point and back on the steamship Eastern States. The boat leaves East 9th St. Pier at 9:00 A.M. Sunday morning and leaves Cedar Point at 4:30 P.M. in the afternoon.

Mother—"I know my son didn't drink any hard liquor last night. He's so thirsty today."

"She left in a huff."

"Doggone that girl. I told her to call a taxi."

She—"You're just poor sheep."

## St. George CYO Manhandle St. Columkille, 14-3

Despite the absence of the Rudd brothers Joe and Frank, from the line-up leaving the team short-handed, St. George's trounced St. Columkille, 14 to 3, in a CYO game at Lakefront Park on last Thursday, August 3rd.

Baffled by the offerings of the enemy hurlers for five innings, the St. George powerhouse unleashed a barrage of hits in the sixth inning to score ten runs. Aiding in the slaughter were Vic Sumakaris, Joe Mazeika, and Frank Yes-tonsky who each collected 3 hits, and each other player hit safely at least once.

Tony Peske, a much improved pitcher, over last year tied up his opponents with his fast ball and tricky curve.

As the second half play is getting into swing in full earnest, the team seems to have finally its stride, and should make the remaining games very interesting.

## NEWS FROM LITHUANIA

### Powerful New Wireless Station

The new and powerful wireless station near Babatai, of 120 kws. strength, is expected to begin working at the beginning of March, 1940. It will have its own electric station, which will be able to develop up to 600 kwts. electric energy. It is proposed to remove the present Kaunas radio station elsewhere. From March 4, 1940, Lithuania has been allotted a new 480 mtrs. exclusive wave length for the new station; 233.5 m. wave length for the local stations. The new station will be easily audible not only in Lithuania but abroad.

### Baltic Aerial Competitions in Kaunas

The Baltic aerial competitions will be held in Kaunas from August 10 to Au-

gust 20, under the patronage of the President of the Republic. The President of the International Aeronautical Federation, Prince Bibesco, and Miss Jean Batten have been invited as honorary guests. Invitations have been issued to the following countries: Latvia, Esthonia, Finland, Poland, Germany, Denmark, Sweden and the Soviet Union, to take part in the contests with their aeroplanes.

### Ringling of Birds in Lithuania

The ringing of migratory birds was begun in Lithuania over ten years ago by the University of Vytautas the Great. At first the number of persons collaborating with the University in this important task was very small, but now it has reached the total of a hundred. Since 1937, over a thousand birds have been ringed annually in Lithuania. This spring approximately three thousand aluminium rings were sent to the provinces for the ringing of birds.

### Cost of Motor Exploitation

Notwithstanding that motor traffic in Lithuania is no so extensively developed as in some other countries, the cost of exploitation of motor vehicles is estimated to reach 18,000,000 lts. annually. This figure does not include sums expended on the upkeep of roads, the control of motor traffic and the remuneration of motor car drivers.

### Monument to Dr. Basanavicius

A monument to the Patriarch of the Lithuanian National Revival of Renaissance, Dr. J. Basanavicius, has been erected at the spa of Birštonas. The monument was designed by the well-known Lithuanian sculptor Antanas Aleksandravicius.
