### Lietuviški Izoliacionistai

Ateinanti neděldieni Chicagoj ivyks didinga slaviškų tautų demonstracija. "Vilnis kviečia Chicagos lietuvius masiniai dalyvauti toje demonstracijoje. Chicagos Lietuvių Konferencijos Komitetas taip-pat kviečia. Slavai yra mūsų bro-liai šiose žūtbūtinėse kovose už demokratiją, už šviesesnę žmonijos ateitį.

Mums keista, kad atsirado lietuviškų izoliacionistų, kurie pasisako prieš slavų solidarumo dieną. Kodel, kokiais sumetimais?

Jei anglo-saksai yra talkininkai ir kovos broliai su rusais, ukrainais, gudais ir visom kitom Sovietinēm tautom, tai koděl šioj šaly gyveną rusai, lenkai, če-kai ar serbai neturétų būti mūsų draugais? Lietuviškų izoliacionistų užsispyrimas paremtas tuo, kad slavai, girdi, nori pavogti nuo lietuvių Žalgirio (Griunwaldo) mūšio liaurus. Ar tai tinka peštis dēl to, kas įvyko daugiau negu penki šimtai metu?

Na, tai kas, kad kunigaikštis Vytautas sulošē tose istorinēse kautynēse stambesne role, negu Jogaila? Ar del to, kad tūli lenkų istorikai mano kitaip, mes tu-rime dabar demonstruoti prieš slavus lenkus, rusus, ukrainus, čekus ir gudus?

Ant tüly žmonių taip užgulė tūli praeities ivykiai, kad jie nemato dabarties, kuri reikalauja kuo didžiausios vienybės tarpe visu tautų.

Iš tikrųjų apie tuos lietuviškus izoliacionistus reikia pasakyti: Jie nemato kelio del takelio. Jie kaip tie "talmudistai," mato medį, bet nemato miško.

Niekas neįrodys adverniškai, nes tai aišku, kaip diena, kad ties žalgiriu kryžiuočiams užduota labai stiprus smūgis ne vienos kurios tautos išgalēmis, bet koalicija susivienijusių tautų. Labai gali būti, kad Lietuvos rolē ten buvo svarbiausîa, bet juk Didžioji Lietuvos Kunigaikštystě, tuo laiku, susidějo iš įvairių tautų. Guđu joje buvo didžiuma, buvo rusu, totorių ir ukrainų. Ar galimá pražiūrėti tą visiems žinomą faktą? Ar tai yra įžeidimas lietuvių, jei pasakysime, kad jie tuo-met buvo mažumoje?

žalgirio mūšyje dalyvavo lietuviai, lenkai, čekai, gudai, totoriai. Tai buvo tautu koalicija ir tai turi simboliškos reikšmēs dabartiniams laikams.

Dalyvaudami su slavu tautom iu solidarumo dienoje mes vaduojames tuo didžiu pavyzdžiu, kokiu yra Jungtinės Tau-

Izoliacionistai iš "Draugo" ir "Naujienų," purškaudami prieš slavų demonstraciją, stato save ant juoko. Nejaugi jie mano, kad lietuviai turi užsiskleisti užpečkyje ir užvesti detales diskusijas apie atskiru asmenu role Žalgirio mūšyje?

Mes visi, visos Jungtinės Tautos dabar mušamēs su mirtinu priešu, o neužsiimam plauko skaldymu į devynias dalis.

šis lietuviškų konservatorių izoliacionizmas plaukia iš jų bendro nusistatymo. Jie randa bendra kalba net su kunigu Curran'u, nes jis pro-fašistas. Jie, sykiu sn juo, demonstruoja prieš Sovietų Ru-

Bet demonstruot su slavais prieš visu mūsų bendrą priešą jiems verboten.

### Kodel?

Liberalas Thomas Horabin piktai sušuko Anglijos parlamente: "Atējo laikas pradēti antra frontą. Ne tiek dēl Rusijos, kiek dēl mūsų pačių apsaugos." Dėl Anglijos, dėl Rusijos, dėl visų Jung-

tinių Tautų atėjo laikas duoti signalą: Mes einame!

Joseph Curran, prezidentas National Maritime Union, tik ką sugryžo iš Angli-"Daily Worker'io" korespondentui jisai pasakė: Kas daro didžiausio įspūdžio į kiekvieną, tai stebētinai didelis skaičius kareivių Anglijoje—visokių tautų kareivių. Rodosi, kad greitai jie negalės išsitekti. Tiek daug tu vyru-man sakē, kad keturi milionai. Aišķu, kad visa tai antram frontui. Bet del neišaiškinamų priežasčiu su isteigimu antro fronto vilkinama.

Joseph Curran sako, kad Anglijos viršūnėse yra pasiklydusių elementų, kurie ir nori antro fronto ir sykiu nenori.

Londono "Evening Standard" talpina paveiksla, kuriame atvaizduota grupė rusų infanteristų, besikaujančių su mirtinu priešu. Jie vienas kito klausia: Ko-kios žinios iš antro fronto?

Jo nēra. Ar ne šaiži ironija.

Vakar Chicagos "Sun" kategoriškai pasisakē už tuojautinį Aliantų trenksmą

Hitlerio užnugarin, "Sun" rašo: "Šis karas bus laimētas Rusijos fronto išlaikymu ar žuvimu dau-gelio milionų amerikiečių. Sunkus tai nuosprendis mestis į antrą frontą, jei dar ne viskas gatava. Gali būti 'naujas Dunkirkas.' Bet be antro fronto gali būti visas tuzinas Dunkirkų ar net ir Waterloo."

"Neužtenka žiūrēti iš šalies, kaip Rusija mušasi su Hitleriu, kuomet nei vienas Amerikos pulkas dar nēra ugnyje."

Baisus įtarimas kils visur, jei antras frontas neužsidegs visai greitu laiku,

### Guma ir Geležis

"Laisvē" rašo:

"Po visą šalį eina rinkimas seno gu-mo, kuris reikalingas vyriausybei karo vedimui. Kiekvienas gumo šmotas, be kurio galima apsieiti, turi būti atiduotas i renkamus punktus.

"Tuo pat kartu Hondrys Process Corp. iškėlė viešumon, kad Amerikoj galima per devynis mēnesius pastatyti penkioliką fabrikų, kurių kiekvieno pastatymas atsieitų po \$12,000,000 ir kurie per metus galėtų pagaminti milioną tonų sintetiško (moksliškai pagaminto) gumo.

"Dienraštis Daily Worker sako, kad, jeigu tas būtų buvę padaryta tuojau po Pearl Harboro užpuolimo, tai fabrikai jau veik gatavi būtų ir gamintų gumą. Yra daviniu, kad Sovietu Sajunga siūlē savo mokslininkus ir jų būdus Amerikai dirbtinį gumą gaminti, bet pasiūlymas nebuvo priimtas. Kas gi už tai

šiuo laiku visoj Amerikoj pradēta rinkti geležinis ir plieninis laužas, skardinēs, visokie atliekamo metalo šmotai

Karo Produkcijos Taryba apskaičiuoja, kad geležinio laužo būsią galima surinkti 22 milionai tonų. Sako, kad ypač daug geležinio laužo yra farmose.

Paděkite valdžiai kuo galědami. Geležinis laužas labai, labai reikalingas.

Rašant šiuos žodžius daug ką negalima pasakyti kas ten vyko liepos 14-tą, Bas-tilijos dieną. Bet nēra jokių abejonių, kad žmonės minėjo tą didžios laisvēs dieną. # CHICAGO LITHS DEMONSTRATE FOR VICTORY

### Mayor Is To Address LDS

### Other Notables To Speak At National Confab Of Organization

CHICAGO, III.—This city will demonstrate its hospitality when the 6th biennial convention of the Association of Lithuanian Workers, Inc., convenes this coming week at both the Hotel Morrison and the Chicago Lithuanian Auditorium.

Over two hundred representatives of the organization are arriving for the historic occasion, from east and west coasts.

Convening at a most proper time, when the utmost unity of effort is needed, the association will pave a path for Lithuanian-America to fol-

Mayor Edward J. Kelly

Great significance is attached to the gathering. The Chicago Sun, leading metropolitan newspaper devoted a large column to the organization's efforts and hails the organization under the title of "Lithuanians To Give Leaders To War."

According to an announcement by the convention arrangements committee, His Honor, Mayor Edward J. Kelly will address the opening session. Others of note to address the gathering are Mr. Ralph Snyder of the United States Treasury Department, a representative of the United Service Organization, a noted CIO representative. Phillip Murray, national president of the union has had an invitation extended him.

The youth of the association are holding a seperate session and it is expected to be well attended, according to John Orman National Youth Secretary of the organization.

Convention sessions begin on Monday. July 19 and the conclave will close on Thursday, July 23.

### Over Two Hundred Members of LDS Are Serving With United States Armed Forces; Many More Leaving Soon

Brooklyn, N. Y. — The July issue of the "Tiesa," official organ of the Association of Lithuanian Workers, contains a full page HONOR ROLL which list the astonishing fact that over two hundred youthful members of that ofthat organization are now serving in the armed forces of the United States.

"This is only a partial list," stated John Orman, secretary of the organization's Youth Committee, "since there are many now serving whose names we do not know as yet. A considerable number of those in the armed foces volunteered, which is a significant comment on the patroitism of Lithuanian American youth. Branches throughout the country are cooperating with the USO, Red Cross and other service organizations to help the United Stats win in the war against Axis aggression.

### Battle Of Grunwald Is To Be Observed; Chorus On Nationwide Hookup

CHICAGO, Ill.—Over 200,000 persons, among them thousands of Lithuanian-Americans under the banner of the fightingest midwest Lithuanian organization, the Chicago Lithuanian V Conference will jam Soldier Field this Sunday in a gigantic Grunwald Victory Rally.

Held under the auspices of the midwest committee of the All-Slav Congress, the arrangement will be one of affirmation, of unity that the hordes of 1942 will meet the same bitter end as administered the Teutonic tribes of 1410.

Lithuanians played a prominent role in the defeat of the Nazis of those days. Under the leadership of Lithuania's king, Vytautas Didysis, savage crushing blows were dealt the Teutons which resulted in their defeat.

The Slav nations of that day worked in cooperation with the Lithuanians. Thus today, with world mankind united for the crushing of-Hitlerism, Lithuanians of this country unite with those of the Slav raceagain in defense of their honor, their lives against the common foe of humanity.

DR. A. L. GRAICIUNAS

Native costumes will be the order of the day at Soldiers Field. The famous Chicago Lithuanian LKM Chorus will participate in a colorful program which is to be broadcast nationally over the Columbia network.

Jan Kiepura, noted artist singer, Philip Murray, CIO head, Mayor Keily, and other persons of note are scheduled to appear on the platform. Representatives, the executive body of the Chicago Lithuanian V Conference, headed by Dr. A. L. Graiciunas will make up part of the presidium at the rally. Exercises will commence at 1:30 P.M.

### LITHUANIAN UNITED STATES ARMY NURSE ESCAPES FROM BATA

### Anti-Ally Propaganda Given Spurt By Pro-Nazi Liths, Newspapers

### Refugee From Nazis **Giving Comfort To** Ally Enemies

By JOSEPH SACAL

Swedish liner Drottingholm docked in New York several weeks back with 500 refugees from Axis occupied nations. A careful search and check-over of the "refugees" uncovered a Nazi spy, Herbert Karl Friederich Bahr. He was taken into custody, the rest of the refugees then were allowed to disembark.

Thus came to Chicago, Mrs. Aldona Bulota of 2025 West Walton Street. She was a "refugee" from Nazi occupied Lithuania.

I interviewed Mrs. Bulota this past Sunday. I interviewed her in order to receive confirmation on articles which appeared in the newspapers DRAUGAS and AMERIKA, and which according to both publications were, HER statements as regards events in Lithuania!

It was unnatural to believe that a person who had undergone Nazi terror, could give so lenient an explanation of Nazi occupation, tyranny and murder. We took it for granted that the quotations attributed to Mrs. Bulota were fabrications, or had been adapted to suit the style of K. J. Prunskis, DRAUGAS writer, "refu-gee" from Berlin, friend and collaborator of Pranas Ancevicius Lithuanian Nazi now in Berlin and whose articles on the glories of Hitlerism have appeared in several Lithuanian-Amerainc publications.

#### CONFIRMED DISBELIEF

We were shocked! Mrs. Bulota confirmed what we disbelieved. With utmost vehemence as in the published quotations she flayed America's ally, Soviet Russia. As in the newspaper writeups, she had not a good word for the Red Army which so heroically resists the Nazi hordes. Instead she spouted typical Nazi propaganda which revolves around besmirchment of an ally and remaining quiet as regards the enemy of humanity, Nazi Germany.

In posing questions to the still young woman, I was startled at the rapid replies on "atrocities" committed by the Russians. But as regards the Nazis, Mrs. Bulota stated "Lithuanians welcomed them with flowers. Course," she also said, "the Red Army was also welcomed with flowers, but by Jews only!"
In other words Lithuanians accept-

Shades of Herr Goebbels! Isn't this typical of Nazism? Isn't this the type of propaganda that flows out Axis propaganda bureaus? Isn't it the type of tripe that Hitler has tried to imbue all humanity with? Doesn't it rhythm with present day bulletins from Axis sources to the effect that "only the Jews and Communists are fighting the NEW ORDER?"

#### SERVES NEW ORDER

We can't believe Mrs. Bulota is so naive. As a matter of fact we don't think she is. From her words we could only gather that she had be-come imbued with the NEW ORDER. What is more, was serving the NEW ORDER with diatribes against a member of the United Nations-also, was being utilized by pro-Nazi elLITH RED ARMY CAVALRYMAN

### Lithuanian Women's Club Thanked By Chicago Mayor For Donation To Boys In United States Armed Forces

CHICAGO, Ill. - The Lithuanian Daily Vilnis and the Bridgeport Lithuanian's Women's Club was personally thanked by Edward J. Mrs. Anna Vainauskas headed the committee of women which were congratulated by the mayor.

ement on the staff of DRAUGAS to further antagonism against this ally. In this respect this newspaper has

made a record for itself.

We further questioned Mrs. Bulo-We asked about the role of Lithuanian Quisling to which she replied:

"There were no Quislings. Uprisings took place against the Bolshevicks at the time of the Nazi inva-

No Quislings! In other words, the element that stormed city centers, disarmed the populas, created riot and shot anti-Nazis in the back in order to simplify Nazi invasion, were not Quislings. "They were patriots."

AIDING PRO-NAZIS

Naturally by now we were quite agitated. We plied more questions and a furor arose. We were ordered to leave. But we come back to Mrs. Bulota via this newspaper and others and state the following:

Mrs. Bulota is lending assistance to the Nazis by agitating against an

Mrs. Bulota is playing into the hands of pro-Nazi element in this country.

Mrs. Bulota is creating dissention in Lithuanian-American ranks; disturbing their win-the-war efforts by creating suspicion against an ally.

Every word uttered by her is being utilized by pro-Nazi groups in the nation.

### Describes Bombing Of Hospital By Japanese Planes

(Special To Vilnis English Section)
When the Japanese bombed a field hospital on Bataan peninsula in the Philippines last spring, 38 wounded Jap soldiers were being cared for inside it, but "miraculously" none of these was among the 50 persons

That was the report of Miss Ann Agnes Bernatitus, a pretty 30-year blonde Lithuanian-American who was the only Navy nurse to escape from Corregidor.

After three and a half months in field hospitals during the bitter fighting at Bataan, Miss Bernatitus escaped to Corregidor when the penin-sula fell on April 9. She left the fortress 48 hours before it surrendred and was taken to Australia in a subma-

#### 12 OTHER WOMEN ON SUB

Also on the same sub, she said, were 11 Army nurses and one Navy wife. Earlier, 25 Army nurses had been taken out. Left on Corregidor, and presumably now prisoners, were some 100 women, of whom 70 are nurses, she reported.

#### ANN BERNATITUS

Miss Bernatitus, who is "certainly happy" to be back in this country, but who is ready to return to the front lines whenever the Navy orders, is to be congratulated personally by President and Mrs. Roosevelt.

She said one hospital in which she was working in Bataan was bombed twice by the Japanese.
RUSH TO PATIENTS

"When the bombs were falling, we were all face down on the floor, but as soon as it was over we rushed to the patients and the doc-tors started operating," she said. "We never had time to move the

patients, and in the second bomb-ing 50 were killed, but the spirit of the others was wonderful and there was virtually no complaining."

She asserted that 36 Japanese prisoners were in the hospital at the time.
"It was miraculous that none of them were hit," she said. "One of

their guards was hit by shrapnel."

Miss Bernatitus said the wounded Japanese soldiers appeared to be surprised that anything was done for them by doctors and nurses.

#### NOTED HITLER AND YON

Last Sunday GEORGE and HELEN KWAIN celebrateed the christening of their son, DENIS KWAIN. There were a number of L.D.S.ers there to help them celebrate. ANN JACSOBS was waltzing away with hubby AL JACOBS looking on. BRUNO BA-RON lugging a chair outside to sit in the cool breeze. BERTHA BARON preferred to cool off sitting in the car. STAN BERNOT and his friend TONY have just returned from the Sunny South, and they were telling us all about their travels. FRANK KWAIN being pestered to buy a gardenia. A fast polka was playing, and you could hear LIL RETIS and VA-LERIA BERNOT stamping away. JESSIE SHAIKO and FRANK VE-SELY could also be seen tripping their light fantastic.

### CHICAGO LKM CHORUS TO BE HEARD ON NATIONWIDE RADIO HOOKUP FROM SOLDIERS FIELD THIS COMING SUNDAY, JULY 19TH

We will leave for Soldier's Field directly from rehearsal.

#### COSSIP

Ho-hum. The summer heat sure does get one down, but if we all let the heat keep us lazy then our papper will have to quit printing. So after a month of non-correspondence we are back to the "wars."

Last week's rehearsal was very a very good one. How do you do, Teach? It is nice to have you back . . . Two former members have returned to lend a hand . . . Heigh-ho, a-picnicing we did go last Sunday to the Liberty Grove. Gosh it was hot! But it was a swell picnic. You say whose picnic? Why it was the L.K.M. picnic. If you weren't there you missed a lot... We saw Ed. Z. and Bertha D. sneak away about 3 o'clock. Where did they go?? Who knows??? John P. was making love to two cute babes and not serving them ... Stella K. a former chorus member was also seen wondering around like a lost lamb. Gee, Stell, you looked sun cooked. Goodness! what a shade of red ....

Joe Sacal and Mary Shimkus were seen woo-woing!-! What a grip? What is it called??? . . Valeria B. looking so darn beautiful that she attracted Johnny and got Ed so jealous that he threatened to have a duel with the gent (?)... Junior (Guyer) was trotting around like a colt.... Heavenly days, where did we leave our sunglasses?? . . Agnes, that was a stunning dress you wore at the pic-nic and what a color! (Red) . . . . We missed Kay and Tex Z. Vacationing, we presume.... My, my, were we surprised when we saw Lillian S. all dressed with a huge white hat and a white and red dress made for an actress or something .... Well Valeria's brother visited our picnic after his trip down to New Orleans. Have a good time, Stanley??? We saw the Escort roaming around looking for something we don't know of .... We were honored with the presence of the Editor of The Tiesa, Johnny Orman. Johnny is here for the L.D.S. Convention . . . Franny Y. was whizzing around the bar serving the hungry beer guzzlers .... Richie's father had his mike hooked up at the bar. Did you work well Sunday night Rich???. Caz R. caught a stuffy Josephine. The reason was he was lonesome??? . . Gosh our fragil wings were beginning to give way. So we said good-bye to the picnic. OH!! just a moment, a murder will take place as soon as Frank B. discovers who Duckfoot is, so we were told. Maybe there won't be a murder. Maybe he'll just give you a cigar to keep the good work

### PEOPLE IN THE NEWS

- LUMBIS the Lithuanian political cartoonist whose very descriptive work appears in both VILNIS and LAISVE created a furor in NAUJIENOS circles last week... It seems that Grigaitis, editor of the pro-nazi newspaper, didn't go for Lumbis' work which depicted the 'benevolent' old man on his knees before Hitler and Goebbels, receiving "News from Lisbon" which is published in NAUJIENOS... "News from Lisbon" cowtows to the Nazi regime, and is malicious propaganda designed to imbue Lithuanian Americans with the goodness of Nazism...
- CLEMENTS L. KAIRIS' pop, World War No. 1 veteran and member of the Chicago Darius-Girenas American Legion Post, compliments this column. He thought is was swell of us to mention the fact that his son is doing a good job in the U. S. armed forces. . . . Kairis Jr is stationed at Pendelton Field, Pendlton, Oregon at prsent. Writes he of his trip to the encampment:

"I had never been further west than Wisconsin before I became a member of the armed forces. The sights I've seen since, and the area I've travelled through is really wonderful. I was amazed when I saw the Rocky Mountains.

"The mountains out here are just like great big hills. As a matter of fact, the field and camp are located on one of them. When I get out of the army, after the war, I'm looking forward to an auto trip through the self-same area"...

### To Pluck Us From Our Present Peril

No well-informed American is unaware of how Hitler plans to win the war.

Every new war report illustrates exactly how he means to do it. He is concentrating 90 per cent of his armies and planes on the Soviet Front. He hopes to drive the Red Army back and at the same time crash through the Middle East. If he can do this, then he expects to be a position to defeat the United States and Britain without much trouble.

Hitler is now executing this plan for an Axis victory.

The answer of the United Nations to this menacing strategy is fully known. It is to attack the largely unguarded coast of Europe. An immediate invasion of Europe in the West will checkmate the entire Axis strategy.

It must be crystal clear, therefore, as Hitler hurls his armies into the Kharkov front and against Egypt that the opening of the Second Front becomes more urgent every hour.

Time counts. Goebbels is already taunting the British and American forces with the boast that by winter the plan to open a Second Front will become inoperative. Landing troops in Winter will be more difficult than now when all conditions are favorable.

Everyday that passes away without being used to attack in Europe strengthens Hitler's strategy. This is undeniable.

We will be deceiving ourselves if we think that we can let these precious hours and days slip by, while Hitler is exposed in the West, without paying a terrific price later on when we will fight an uphill battle.

Our present inaction in the West leaves Hitler free to decide when and where to use his forces. We allow him complete freedom to maneuver his armies and his materials for the maximum advantage. So long as we do this we actually negate the superiority in manpower and production which we already possess,

If we combine to our superiority in manpower the policy of the immediate offensive, then we will be rushing on to victory in 1942. Otherwise, we play into our enemy's hands. And Hitler will make us pay for it.

Thus the opening of the Western Front at once is not merely "to aid Russia" as the Fifth Column and its dupes say. It is the emergency measure most needed to pluck the United States out of its present peril.

The Government has agreed, in the Roosevelt-Molotov agreements, to open a Second Front in 1942.

What the country needs is an immense popular movement, supporting this pledge and urging its swift fulfillment. The Labor movement bears a heavy responsibility to arouse such a movement. Mass meetings, demonstrations, and similar actions should be organized. Labor has it within its power to upset all of Hitler's one-front strategy by pressing relentlessly for the Second Front now.

### Vilnis English Section Readers Voice Their Approval

The following is one of a series of letters received by the VILNIS ENGLISH SECTION concerning an article entitled "Typical American Main Street Backs 2nd Front" which appeared last week in the VES.

Mr. Joseph Sacal, Editor, The Vilnis English Section, 3116 So. Halsted, Chicago, Illinois.

If you have space in the Vilnis English Section, I would appreciate it very much if you would print the following open letter to George Morris, I am sure that it expresses the sentiments of the majority of those from Southern Illinois, who are, at present residing in Chicago.

This feeling of homesickness upon reading something from "back home" is a common feeling, I am sure, to most of us who were born and grew up in a small town like West Frankfort, Benton, Johnson City, Herrin, Zeigler, etc.

#### OPEN LETTER TO GEORGE MORRIS

Dear George:

It made me very happy to see such a splendid article as yours from "back home."

It is strange that even after all the years that I have lived in Chicago, that I still consider West Frankfort "home." In reading your story, I could visualize Main Street again and all of the people looking at the pictures of West Frankfort's fighting forces. It made me wish that I, too, were among those searching for familiar faces.

I hope that we shall see more of your work in the future. Very truly yours,

Nellie De Schaff.

### As We See It In Lith Circles

By GEORGE STARKAUSKAS

Rockwell Kent, noted American artist, and president of the Artists League of America, recently broadcast over a national Canadian hook-up. He spoke on culture in the Soviet Union during the war. Two days later a cabled message arrived from Moscow. Nikolai Radlov, painter, cartoonist, and Stalin prizewinner, tells how the Soviet artists met the test of war.

Radlov wrote:

"At this moment when the world has learned the news of the further strengthening of friendship between the great peoples of the Soviet Union, England and the United States, I feel particularly urged to send warm greetings to our distant comrades-in-arms. In-asmuch as you are an artist, I should like to address this message to you and tell you about our work here in Moscow. Perhaps you will find it possible to publish this letter—which is intended for American artists — in the American press.

"I experienced the greatest artistic doubts and perhaps the happiest moments of my life as an artist during the grim days of October, 1941. We felt no fear for Moscow when the enemy was nearing the city. But it seemed to me that the art most to my taste — that of satire and humor—had become unnecessary for perhaps a long time to come. Was there any need for laughter when the entire city bristled with anti-tank obstacles and through the street there marched, tense and grim, regiment after regiment of fresh troops prepared to die for their country and bring death to the enemy? It seemed that those people must have forgotten laughter. Their face muscles lost the ability to form into a smile.

"In those days, when we Moscow artists were working on 'TASS Windows' and were busy drawing posters calling for the defense of ur city, our country and our culture, there came to see us a representative of the Red Army from the Central Front. He was glad to find me there. He put a folder before me and said: Bring out for us a collection called 'Front Laughs.' Here is our material: jokes, verses, articles, drawings, by our men. If the collection proves a success we may publish it regularly as a magazine.

publish it regularly as a magazine.
"The collection was a success.

"In a small windowless room containing a desk and two chairs, and which we used as a bomb-shelter because raids were frequent and work urgent, we held editors' meetings, discussed subjects sent from the Front, suggested our own illustrated topical verse, retouched caricature sketches made by Red Army men in the trenches, supplied them with texts in verse.

"Yes, it turned out that our valiant soldiers found time to laugh. Thus we cartonists found ourselves mobilized—laughter had become an arm of the Red Army: The collection was converted into a magazine which now appears twice monthly. It is called 'Front' Humor' and is very popular among the men on the Central Front.

"But cartoonist work is not confined to issuing the magazine and contributing to numerous Front newspapers and leaflets. Most of our time is spent working in the "Tass Windows" studio producing campaign posters representing laconic comment, in colors on political events of the day. They are multiplied by stencil and furnished with a brief text in verse. They serve to expose Hitlerite tyranny, for they are based on documentary evidence of the infamous behavior of German troops in occupied, countries and the moral degeneration of Hitler's army.

"This work is a great school, and I do not regret that I have laid saide children's books, which I loved to illustrate, to work on these posters which require startling silhouette and bright colors, combined with trenchant characterization and rapidity of form.

"I have the feeling that in this simple street art we have perhaps the first practical application of the dream of the finest democratic artists: that paintings should be placed on view in public squares and thus directly presented to large masses of people.

"We comment not only on events at our front.

"The activities of our Allies, their growing military strength, the remarkable action of the United States, fill our hearts with joy. And we are sharpening our pencils in anticipation of the spectacle when Hitler Germany is caught in the vise of two fronts and will answer in full for all the crime of this Hitler—devised 'total war.'

"We are happy that a second front is becoming something real and that we artists in Russia, as well as our colleagues in the United States and Great Britain, are contributing our share to the great cause of the struggle of the freedom loving peoples against Nazi tyranny." In

### THE DUGOUT

With Walter Pozer Jr.

- · If you have a weekend off, why not drive down to the Dunes State Park for a few days of recreation and enjoyment plus a good session of rest with plenty of fresh country air . . . it is a state park directed by the Department of Conservation of the state of Indiana and located just north of either V. S. 12 or 20 about fifteen miles east of Gary, Indiana . . . Many Lithuanians spend almost their entire summer period at the park every year . . . some come just for weekends while others stay for the whole summer ... As one drives into the park, one is immediately struck by the beauty of the blending of the sand hills and the green color of the trees . . . the pavilion and hotel are the two huge buildings located near the main beach where visitors may eat, dress for swimming, rest, and stay for the night . . . The beach itself, with its clean refreshing sand along the water's edge, is really a tremendously large and lengthy strip of sand . . . With plenty of space for swimming and wading! East of the main beach, about a half a mile from the water's edge, there is the large area reserved for camping and picnicking . . . the camping price is a small fee of twenty five cents per day . . . one may find a mixture of every nationality imaginable at this camping area ... the Lithuanian-Americans usually predominate over all the others... after looking around a bit, one can realize the great amount of possible reaction going on at all times of the day ... older folks playing cards (mostly pinochle), others playing horseshoes, youngsters playing softball, bicycle riding for all, and a hundred of other games . . . of course, the two most popular sports are swimming and hiking . . . for hikers, there are about a dozen good trails blazed through outstanding places of interest in the park . . . some of the most interesting spots are the Lookout Tower, the Big Blowout, the Small Blowout, Wilson's Shelter, Lookout Peak, and the site of the Old Fort... Once upon a time, during the times of Old Fort Sheridan, there was a covered wagon trail going through the siteof the present Dunes State Park . . . here near one of the sand hills, there was a small fort used for depot service to the covered wagons and other wagons of transportation . . . also, history states, that an Indian massacre took place just about on the spot where our modern cars are parked upon entrance into the park. In the evening, when the sun sets and the wind becomes cooler, the younger people and some of older folks usually hike over to Johnson's beach immediately west of the state park... where dancing, ping pong, machine games, and drinking are enjoyed for relaxation . . .
- Chicago will soon be the site of the LDS National Convention where hundreds of delegates from all parts of the country will convene to discuss the past, present, and future of their well balanced organization... LDS leaders from all sections of the LDS areas will give talks on the many items and affairs of the club... from all reports, it will be an interesting convention with plenty of action for all... this convention of a real honest anti-nazi organization will blaze the trail for a renewed effort to help gain victory over our enemy!
- George Morris' article from West Frankfort, Illinois certainly was a swell piece of written material with a great deal of human interest... it was in last week's issue of the Vilnis English Section on page seven... Mr. Morris should be highly congragulated for his use of material from the everyday walks of life.
- The eight spies recently caught by agents of the Federal Bureau of Investigation should be dealt with severely... in fact, let them be executed like Hitler has executed the thousands of innocent victims in the occupied countries of Europe... no man deserves to live who is willing to spy for Mr. Hitler—"the rat"... the American people should demand their immediate execution!

### **Inner Circles**

- AS PER USUAL IN SLA CIRCLES, the politicians who create the conditions for a poor convention in the SLA are at it again. They shout and rant that the convention was a bad one, as they do every 2nd yr. when the convention is over. Each side tries to maneuver and jockey for its advantage and to hell with the organization. When the convention is over, each side blames the other for disrupting the convention.
- THE OFFICIAL ORGAN OF THE SLA is still carrying on nazi propaganda and this was brought out at the convention by one delegate, according to the printed reports in the Lithuanian American newspapers. In the course of the discussion on these points, Mr. Pijus Grigaitis blurted out that the Federal Authorities searched the SLA National Headquarters and had even for a time frozen the assets of the organization. "But we were able," Grigaitis stated, "to successfully explain away everything without making it public." Grigaitis then stated that someone is complaining about the SLA to the Federal authorities, but did not say who it is. He warned the SLA leaders that "we must defend each other's reputations or there may be bad consequences." The SLA was searched for sources of pro nazi propaganda that is so rampant among the Lithuanians of this country. Many a reader of Naujienos and Keleivis and Tevyne and a few other papers will rant and shout that what we need over here is a Hitler to chase out the Jews and that Hitler's occupation of Lithuania is much better than the Lithuanian Soviet Government was. This is the result of the pro-nazi propaganda these people been reading.
- FORTUNATUS J. BAGOCIUS: "Just couldn't" stay away from the convention since he "was raised" in the city where the convention was being held and often spends much time at his brother-inlaw's farm nearby. By inference the President of the SLA also stated the Federal Authorities had conducted a search of his offices in South Boston in the Keleivis Building. You will remember that Bagocius has been in the past-we do not know whether it is so now, too, -connected with the Committee to "promote Democracy" which has been exposed by the newsletter "The Hour" so very ably. Bagocius had threatened to sue, besides Hour, Laisve and Vilnis for printing the Hour's revelations as did some of his colleagues, but all these suits fizzled out because there was too much goods on the committee and most of the members of the committee. Therefore it is no surprise to us that the matter was dropped. and that the Feds came to F. J. B. for an interview as to his connections with the Committee for "promotion of Democracy." Imagine Bagocius promoting democracy! Or Grigaitis who is the political boss of the present SLA administration, and whose life's ambition for the past 25 years has been to annihilate the USSR. He did it on more than one occasion, just as Hitler did during this war, but only on paper. Czar loving Grigaitis was once invited to join Bagocius' committee for promotion of democracy.
- REVEREND PRUNSKIS AGAIN: After the exposure of Reverend Prunskis, former Berlin correspondent of Draugas while he was Secretary of the Lithuanian Citizens in Germany League (while Germany was at war) which had the sanction of the Berlin propaganda ministry and who was later added to the Daily Draugas Staff, has found a new mouth in whose name to spew nazi propaganda. Himself, he has been laying low after the Laisve and Vilnis has exposed his devious past and connections. A woman who came over on the Drottingham and whom the authorities evidently neglected to question more closely has been handing out interviews that state the Nazis were welcomed with flowers and bouquets into Lithuania when everyone knows how the population was antinazi. This mouth is that of Mrs. Bulota whose husband was detained by the Soviet Lithuanian government just before the Nazi invasion for pro-nazi activities. He was probably engaged in organizing the flower brigades to welcome the Nazi butchers upon Lithuanian soil.
- THAT DUES RAISING PLAN of which we spoke in the SLA was rejected by the convention in Pittsburgh. The Laisve did a good thing in printing the names of the delegates who represented branches whose members were opposed to the plan, for certain political considerations, voted for the raising of dues. The members of these branches will know whether they can trust those people to express their will.

The plan was presented as voluntary but it was not voluntary.

Arrest and indictment of Nazi Bundists makes patriotic Americans rejoice.

This welcome action seven months after Pear Harbor is long overdue. It should have been taken long before the invasion of our coast by eight Bundist dynamiters stirred the Department of Justice to the raids of the past few weeks.

The Bundists should have been crushed at the moment of the birth of their organization.

The Bundists have been plotting against the United States much longer than the two and a half year period named in the federal indictment. They have been plotting the overthrow of the United States since Fritz Kuhn set up the German fascist organization in Detroit in 1933, the year after Hitler took power.

Soon after Kuhn, the Ford chemist, began organizing the Bund, the Communist Party and other progressive organizations called for stern action against these enemy conspirators. In countless articles the Daily Wor-

In countless articles the **Daily Wor**ker, the New Masses and other people's papers pointed out that the German fascist sought the overthrow of this Government.

And as early as 1934 the Dickstein Congressional Committee showed that the Bundists were spreading hatred against the Jewish people and other American minorities for the purpose of splitting the ranks of the American

But all the same while the Bundists were building a powerful Fifth Column of native fascist and pro-fascist elements.

The Bundists helped organize a sort of "Anti-Comintern" pact of reactionaries in America, dedicated to the defeat of the liberal New Deal

Administration, the progressive labor movement, represented by the CIO and some AFL unions, the legal Spanish Government, that was resisting Nazi aggression, an the Communist Party.

Dies, the Poll Tax Congressman from Texas, was the kingpin of this American edition of the "Anti-Comintern" Pact which used redbaiting as a screen for its attack on every forward looking movement in America and the world.

The Bundists, Coughlin, Pelley, Jung and Martin Dies united in telling the American people to hate the man in the White House and the man in the union hall instead of the monster in the Brown House overseas.

The Dies-Bundist FREUNDSCHAFT

The Dies-Bundist FREUNDSCHAFT came into the open at a luncheon at the Biltmore Hotel, Dec. 3, 1938, when Gerhardt Wilhelm Kunze and Fritz Kuhn, two of the enemies included in the current indictments, joined other Bundist leaders and other Fifth Columnists in cheering the guest of honor.

The guest was Martin Dies.

The Bundists weren't there by accident. The program of the Biltmore affair shows that Wheeler-Hill, the Bundist leader, who succeeded Fritz Kuhn, when Kuhn went to Sing Sing on an embezzlement charge, was one of the official sponsors of the Dies luncheon.

Dies and the Bundists had certain common aims before and after the

war began.

Most of all they sought to prevent
the great American and Soviet peoples from uniting against fascist aggression.

The Bundists did not work by themselves And the Bundists must not be the only enemies to be seized in the present round up.

### LDS MERRY-GO-ROUND

#### • WELCOME TO CHICAGO, DELEGATES!

In a few days the city of Chicago will be swamped with delegates arriving from all parts of the nation to attend the LDS convention sesions which will start Monday July 20th. All of the Chicago LDS youth and adults extend their heartiest and warm greetings to the delegates and friends upon their arrival to our great city. May they enjoy their stay for the duration of the convention period and longer.

It seems that the time has flown by very rapidly since the New York convention of 1940. Now Chicago is busily preparing the last minute touches which are so necessary in seeing to it that the plans have been carried out fully, and that the delegates are satisfied with the whole set-up. The National youth secretary, John Orman, made the necessary stop-overs in coming to Chicago, probably giving pep talks to the youth of various cities, encouraging them to journey to the LDS convention.

There will be a welcoming committee at the Morrison Hotel, 79 W. Madison St. from Saturday morning on. They will help the delegates register and acquaint them with Chicagoans as well as furnish them with other needed information. A program of events will be found elsewhere in the Vilnis English Section. which will aid the delegates in deciding what they would like to to do each day.

If the delegates arrive in time for the sport's tourney Saturday and Sunday, be sure to join the rest of the spectators and cheer for the favored teams. Perhaps your spirit and cheering will bring them on top as winners of trophies and prizs.

 WELCOMING PARTY GIVEN BY SORORITY OF CHICAGO An invitation is extended to all LDS youth delegates and members to attend the LDS Welcoming Party Monday evening July 20th in the Embassy Room of the Hotel Morrison at 8 p. m. Chicagoans hope to see all of the youth present and have a good time as this will be the first time the Chicago Sorority chapter has entertained LDS convention delegates. Please do not disappoint them. Since the sorority is a "secretive" group their plan will remain a secret until you have entered the Embassy room.

### • LDS SERVICE MEN ARE BEING REMEMBERED

Due to the present situation many of the LDS young men are in the service. They would like to have been at the convention sessions. Already letters have been received from several of them stating words to the above effect. LDSers have remmbered them with cards, gifts and letters previously and now a bulletin will be posted at the Lithuanian Auditorium with pictures and names of LDS service men in the armed forces. We will miss the boys as much as they will miss this convention historical event.

#### • CAUGHT BY THE EYE AND EAR

This was a very busy week. Even at the LKM picnic the main topic of discussion dealt with the LDS convention preparations . . . Mr. Orman of Brooklyn, New York had all he could do to explain his early presence in Chicago and what he thought the outcome of the convention would be. He spoke at the picnic urging as many as possible to attend the convention sessions and affairs during the next week. We all remember him as a Chicagoan and "Johnnie Chips" of some time ago.

Those last minute drama rehearsals and preparations are in full swing while waiting for the convention to take place. However everything is hanging in mid-air as far as the winning of awards are concerned. May the best group win. Let all of us be out to this and other events to cheer the LDSers on. . . . At the last sorority meeting Josephine-Joe Satchel sat in part of the time to get an inkling of what went on. Later Frank Vesely gave a helping hand in preparing waffles that were served with ice cream and raspberries. If he keeps up the good work he may yet be initiated into the group. . . . While the meeting was in session Aline Zimont who was the hostess was on edge wondering whether her co-worker Jessie Shaiko would arrive in time for the serving of the refreshments . . . The mammas to be within the sorority are Bertha Baron and Estelle Malesh. They find much to discuss with the present mothers in the sorority group . . . Dom and Cel Riva of the Sparks celebrated their thirteenth wedding anniversary on the 13th of July. On the same day Phylis Raisins celebrated her birthday by seeing "My Sister Eileen" together with Olga Timosiek . . . Sully Solomon should be in for the convention as his Brooklynite will be in at that particular time . . . Vithold Plentis who is stationed at Chanute Field, Ill, was at the LKM picnic and greeted his friends and relatives . . . Volga Juska looked like Robin

### LDS CONVENTION AND YOUTH CONFERENCE OPENS THIS MONDAY AT LITHUANIAN AUDITORU

CHICAGO, Ill. - The Convention of the LDS opens in this city on Saturday, July 18th, as delegates from all parts of the country register at the Hotel Morrison. A social-dance will greet the early arrivals that evening at the Vilnis Hall, 3116 South Halsted Street in this

Principal aims of the LDS convention are, according to John Orman, secretary of the LDS National Youth

- 1. Gear our fraternal organization to the "win the war" effort in its activity and perspective.
- 2. Honor our boys who are serving in the armed forces.
- 3. Resolve to continue building our organization so we could better aid in the war effort of our country, so we could better serve the various Lithuanian American communities.

The convention officially opens Monday, July 20th, at the Lithuanian Auditorium, 3133 So. Halsted Street, where Roy Mizara, President of the organization, will address the membership.

The Midwest Youth Committee has prepared an excellent social program for all the delegates who come to at-tend the convention. Housing and entertainment is already taken care of by the committee in charge. Delegates who come will find their attendance at the sessions not only worth while but entertaining as well when the Chicago members prepare the socials and parties that follow

### ANNOUNCEMENT TO READERS

The VILNIS ENGLISH SECTION, due to vacationing of the editor, Joseph Sacal, will not be published the coming week. We hope our readers will bear the disappointment of missing one

Hood with the outfift she acquired while she was at the Indiana Dunes. Later she changed as she had a very important engagement with Eddie to see Glenn Miller . . . Tony Litvin was having a grand time with the sorority sisters and promises to board at the Morrison Hotel during the convention period ... At last we have seeen Sophie Simon without Chester but she was with someone else . . . Stanley Bernot has returned from his ten day vacation and seemed to have enjoyed it very much. He found the southern lassies very interesting . . . The Great Klaud had quite a long conference with the National Secretary John Orman. Could it be to cut that youth report down to the three minute limit??? Someone should prescribe a way for Joe Satchel to acquire a dark tan as he does admire it on every one else . . . Little Linda June Slench was attracted by many a male eye . . . Meanwhile Bobbie kept changing into a new suit of clothes. Probably for Linda or was it urgent??? . . . Mary Shimkus was kept very busy serving thirsty guests at the picnic and was very careful that her hose shouldn't be washed away. What's a dash here or there? It would only look like a fresh runner and could be remedied by a new application with that liquid hose applicator! May every one have a grand and glorious time at the LDS convention and try to see the beautiful sights of Chicago . . .
